INTERNAL AUDITOR TRAINING

Internal auditor training is a specialized training program designed to equip individuals within an organization with the skills and knowledge needed to effectively conduct internal audits based on specific requirements and standards. Internal audits are systematic evaluations of an organization's processes, procedures, and systems to ensure compliance with established standards, identify areas for improvement, and enhance overall performance.

In this interactive workshop, you'll gain the knowledge and skills you need to audit your quality system against a standard.

COURSE TOPICS INCLUDE:

- Updates to the standard
- Requirements interpretation
- Auditing principles
- Techniques for conducting effective audits

You'll also get hands-on practice using auditing tools and techniques and have ample opportunities to get answers to questions you have about conducting QMS audits.

DELIVERABLES

- Internal Audit planning and schedule training provided
- Internal audit conducted by Impact Utah Industry Partners with supporting reports, worksheets, and corrective action documentation
- Clarity and training on the ongoing audit schedule and maintenance of the management system
