

TIGHTEN UP YOUR TEAMWORK

PIT CREW CHALLENGE

THE FASTEST AND MOST EXCITING WAY TO BUILD TEAMWORK!

Inspired by the fast-paced world of NASCAR, **The Pit Crew Challenge** is a fun, high-energy team-building exercise where your team will work together to complete a series of timed tasks as they **perform a race-day pit stop on a real car**. Just like a NASCAR pit crew, your team's success will depend on trust, coordination, and each person doing their part. The activity combines friendly competition with hands-on problem solving—creating a dynamic environment that brings out teamwork, leadership, and creativity!

After each timed challenge, teams go back to the classroom and work out how they can improve the next time they take the challenge. After four timed pit stop attempts, the teams walk away not only energized, but also with practical insights into collaboration, efficiency, and shared accountability.

THE WORD ON THE STREET

"The Pit Crew Challenge is a fantastic way to build stronger teams, foster collaboration, and develop a mindset of ongoing improvement. Highly recommended."

—Cytiva

FRIDAY, JUNE 26
